To whom it may concern:

Stewart has been employed at Mail Boxes Etc./The UPS Store corporate office under my direct supervision for eight months. I have found Stewart to be a dedicated, loyal and highly productive employee. He has the initiative and curiosity that propels him to being an outstanding employee. I am saddened that he must leave our team.

I know that Stewart will be an asset to any company that makes him part of the team, and I recommend him strongly as a potential candidate for your company.

If you require further information, please do not hesitate to contact me at:
